Project Description

We seek a great designer to come up with several concepts for custom logo and supporting artwork that communicates the tenets and goals of the Application Development Group. You will learn about our organization through documents, websites, interviews, and other sources. Present your concepts to a small board of overseas and US-based team members. And once a concept is selected, produce full color artwork to use for web sites, posters, correspondence, print materials, etc. Camera and web-ready art from favicon size all the way to printed backdrops.
